

## **NEW For Autumn 2007!**

# **Temporary Lifeline Systems**

### **Check out the CheckLine Temporary Lifeline system – NEW from DarkSide!**

The CheckLine system spans between fixed points, and provides a safe horizontal anchorage for multiple users – *no more clipping on to handrails or truss!*

- **EASY to install** – can be set up by one user
- **SAFELY arrests up to 4 users** per span
- **Up to 25m span**
- Swivel socket to reduce rope twist
- Can be tightened by hand, or with a 24mm spanner
- Cannot be over-tensioned
- **EASY to carry** - comes complete with lightweight bag
- Stanchions are also available to provide single or multi-span protection

 **Manufactured in the UK** 

**DarkSide also supplies and installs permanent lifeline systems – call us today, tell us what YOU need!**

**Call DarkSide NOW on 01274 772117**
